**Project review (Article 22)**  
**Draft project review report**

Dear Madam/Sir,

I am writing in connection with the above-mentioned review procedure for your grant.

Please find enclosed the draft review report. As you know it was drafted with the help of outside experts.

In our view, the project implementation is satisfactory.

To improve the implementation, we would recommend the following changes:

The implementation is very satisfactory so recommendations made by the experts concern some clarifications of stakeholders' role in risk assessment and risk management, the exploitation plan and some communication material.

 Please also note that a positive assessment of the technical work does NOT automatically guarantee that the costs will be accepted. This will depend on a number of other factors (such as compliance with cost eligibility rules, which will be assessed separately, on the basis of your financial statements and financial audits, if any).

Please submit **observations** — within **30 days** of receiving this letter — as formal notification via your [Funding & Tenders Portal account](#).

I would be grateful if you could inform the other members of your consortium (if any) of this letter.

For any questions, please contact us via your [Funding & Tenders Portal account](#).

Yours faithfully,

Authorising Officer
